Project List

- 1. Phnom Penh International Airport**
- 2. Novotel Phnom Penh**
- 3. Wing Tower**
- 4. Laurelton Diamond Cambodia**
- 5. Novotel Holiday Palace**
- 6. PPM Pharma product Manufacture**
- 7. Hongkong Land**
- 8. ABA Headquarters**
- 9. E-Sun Tower**
- 10. Sky Villa**
- 11. Data Center at Hatha Bank**
- 12. Zuellig Pharma**
- 13. Kerry Express (Warehouse)**
- 14. The Gateway**
- 15. Chip Mong 598 Mall**
- 16. CENTRAL Hospital**
- 17. Royal Phnom Penh Hospital**
- 18. Olympia Medical HUB**

1. Phnom Penh International Airport

Client Name: Comin Khmer

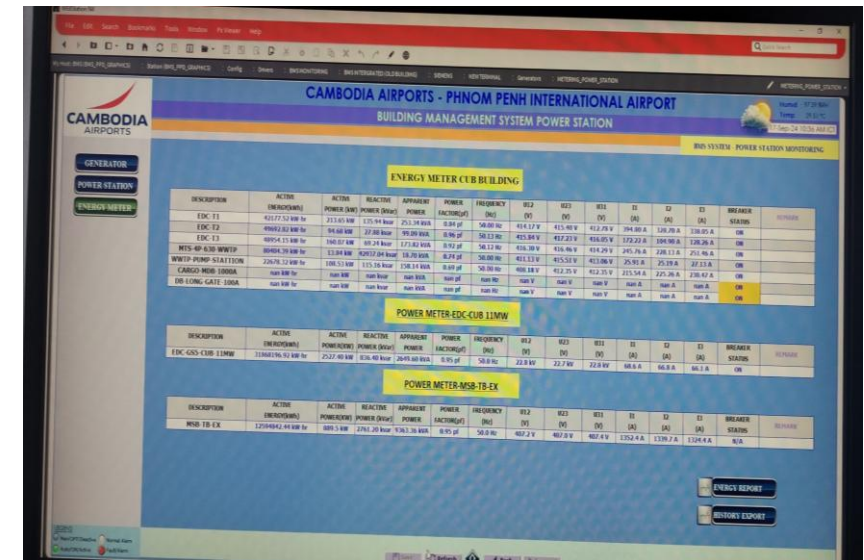

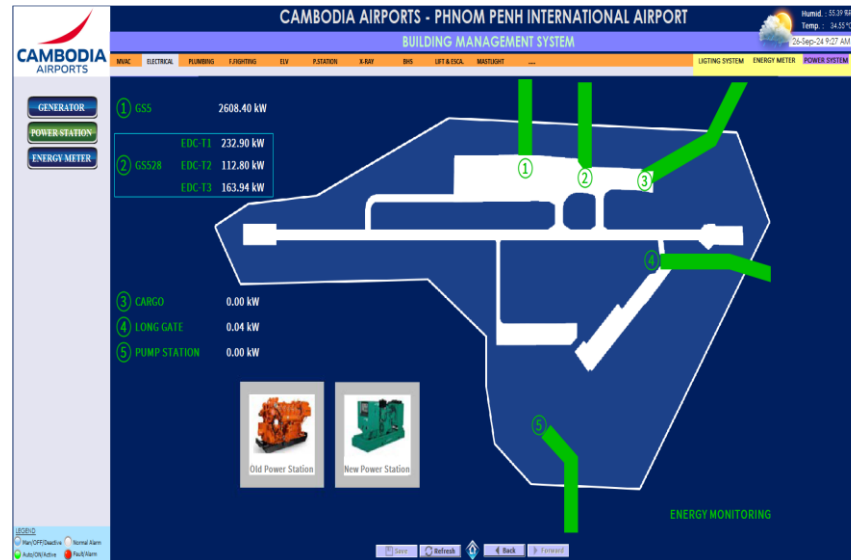

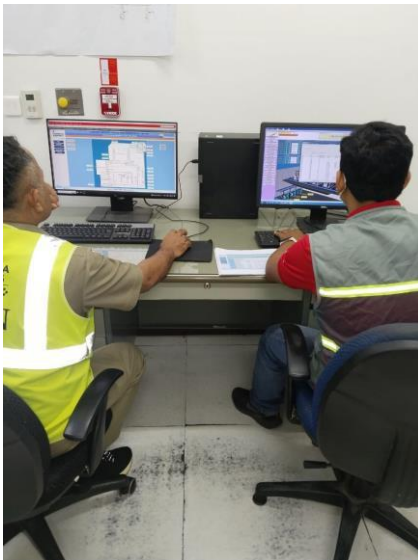

Project Location: Phnom Penh, Cambodia

The purpose of the project Phnom Penh International Airport is to use Building Management System (BMS). BMS will cover the process of integrating such as

- HVAC System
- Plumbing System
- Electrical System
- Lighting System
- Ventilation System
- Power Meter

Our Activities

2. Novotel Phnom Penh

Client Name: [Ecam Solution](#)

Project Location: Street 51 Corner Street
294, Phnom Penh 120102.

The purpose of the project Novotel Phnom Penh is to use Building Management System (BMS). BMS will cover the process of integrating such as

- HVAC System
- Plumbing System
- Electrical System
- Lighting System
- Ventilation System
- Lift System
- Power Meter

Our Activities

3. Wing Tower

Client Name: [DBD Engineering Plc.](#)

Project Location: Preah Monivong Blvd.,
and Kampuchea Krom Blvd., Sangkat
Monorom Khan 7 Makara, Phnom Penh,
Cambodia

The purpose of the project
WING TOWER is to use
Building Management System
(BMS). BMS will cover the
process of integrating such as

- HVAC System
- Plumbing System
- Electrical System
- Lighting System
- Ventilation System
- Lift System
- Power Meter

Our Activities

4. Laurelton Diamond Cambodia

Client Name: [IRE Technology](#)

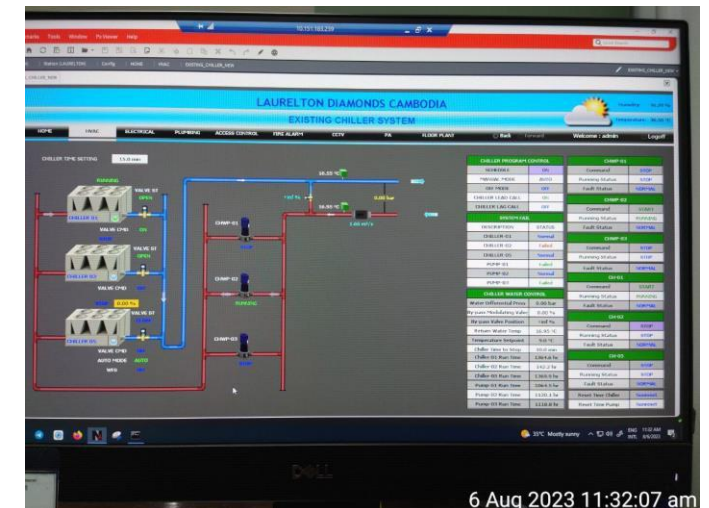

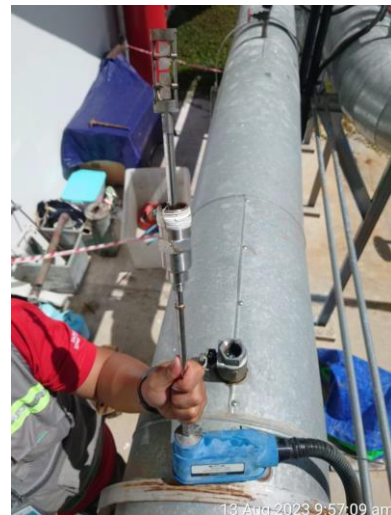

Project Location: PPSE, National Road 4,
Sangkat Boeung Thom, Khan Komboi,
Phnom Penh, Cambodia.

The purpose of the project Laurelton Diamond Cambodia is to use Building Management System (BMS). BMS will cover the process of integrating such as

- HVAC System
- Plumbing System
- Electrical System
- Lighting System
- Ventilation System
- Power Meter

Our Activities

5. Novotel Holiday Palace

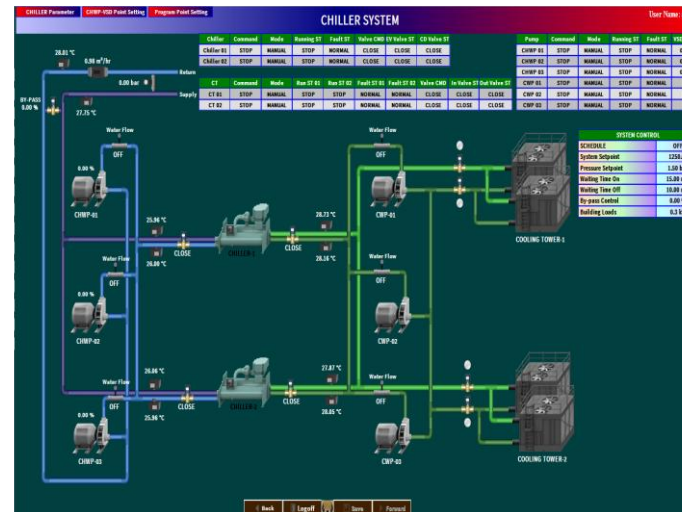

Client Name: [Lotus Grean Team](#)

Project Location: 2 Thnou St, Preah Sihanouk
180403

Our Activities

The purpose of the project Novotel Holiday Palace is to used Building Management System (BMS). BMS will cover the process of integrating such as

- HVAC System
- Plumbing System
- Electrical System
- Lighting System
- Ventilation System
- Lift System
- Power Meter

6. PPM Pharma product Manufacture

Client Name: [Lotus Grean Team](#)

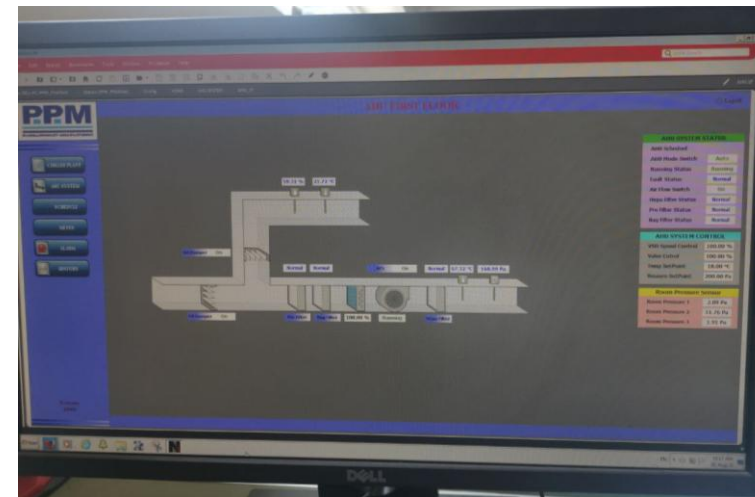

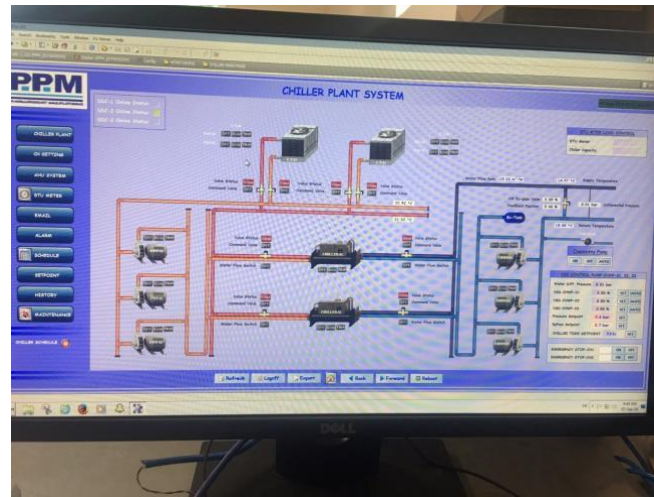

Project Location: No 138 Bis, Street
110, Sangkat Chom Chao, Russian
Federation Blvd (110), Phnom Penh.

The purpose of the project PPM is to used Building Management System (BMS). BMS will cover the process of integrating such as

- HVAC System
- Plumbing System
- Electrical System
- Power Meter

Our Activities

7. Hongkong Land

Client Name: [CE&P Corporation Ltd](#)

Project Location: HWFC+JH4, Preah Moha
Ksatreyani Kossamak Ave (106), Phnom Penh.

The purpose of the project Hongkong Land is to use Building Management System (BMS). BMS will cover the process of integrating such as

- HVAC System
- Plumbing System
- Electrical System
- Lighting System

Our Activities

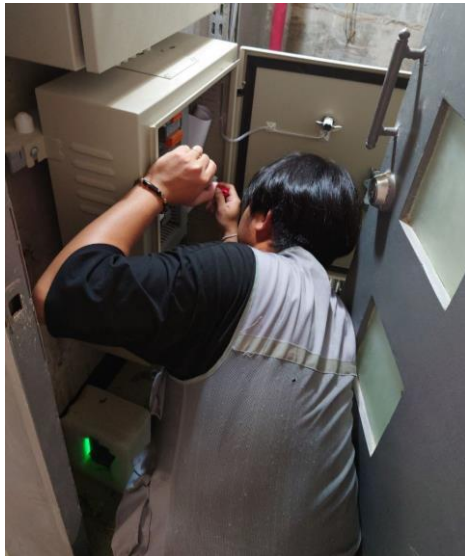

8. ABA Headquarters

Client Name: [Krorvan I/O.](#)

Project Location: Preah Sihanouk Blvd (274)
and St Preah Trasak Paem St.
(63 Penh, Phnom 12302 Phnom Penh,
Cambodia)

Our Activities

The purpose of the project ABA Headquarters is to use Building Management System (BMS). BMS will cover the process of integrating such as

- HVAC System
- Electrical System
- Lighting System

9. E-Sun Tower

Client Name: [Lotus Green Team](#)

Project Location: Preah Monivong Blvd,
Phnom Penh, Cambodia

The purpose of the project WING TOWER is to use Building Management System (BMS). BMS will cover the process of integrating such as

- HVAC System
- Plumbing System
- Electrical System
- Lighting System
- Ventilation System
- Lift System
- Power Meter

Our Activities

10. Sky Villa

Client Name: [TERRASYSS SOLUTION LTD](#)

Project Location: Sangkat Veal Vong , Khan 7
Makara , Phnom Penh , Cambodia

The purpose of the project Sky Villa is to use Building Management System (BMS). BMS will cover the process of integrating such as

- Plumbing System
- Electrical System
- Lighting System
- Ventilation System
- Lift System
- Power Meter

Our Activities

11. Data Center at Hatha Bank

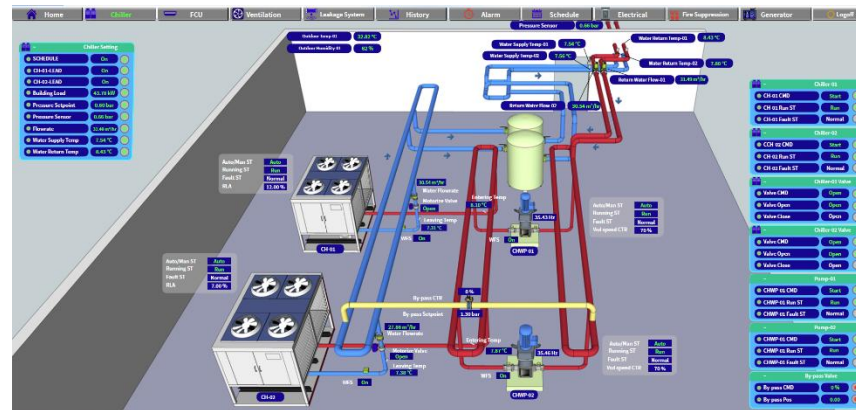

Client Name: [Lotus Grean Team](#)

Project Location: No.606, Street 271, Sansam Kosal
3,sangkat Boeng Tumpun 1,, Phnom Penh, Phnom Penh

The purpose of the project Data Center at Hatha Bank to used Building Management System (BMS). BMS will cover the process of integrating such as

- Control Chiller For Data Center

Our Activities

12. Zuellig Pharma

Client Name: [Lotus Grean Team](#)

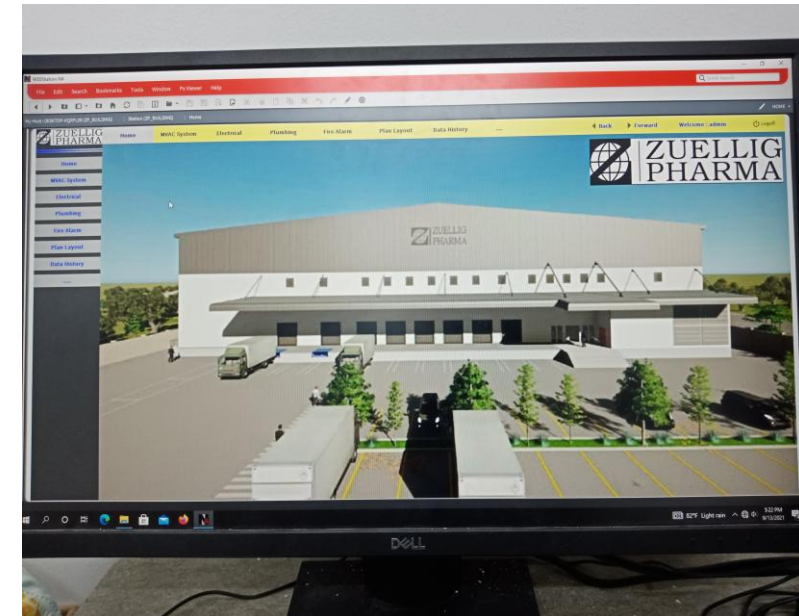

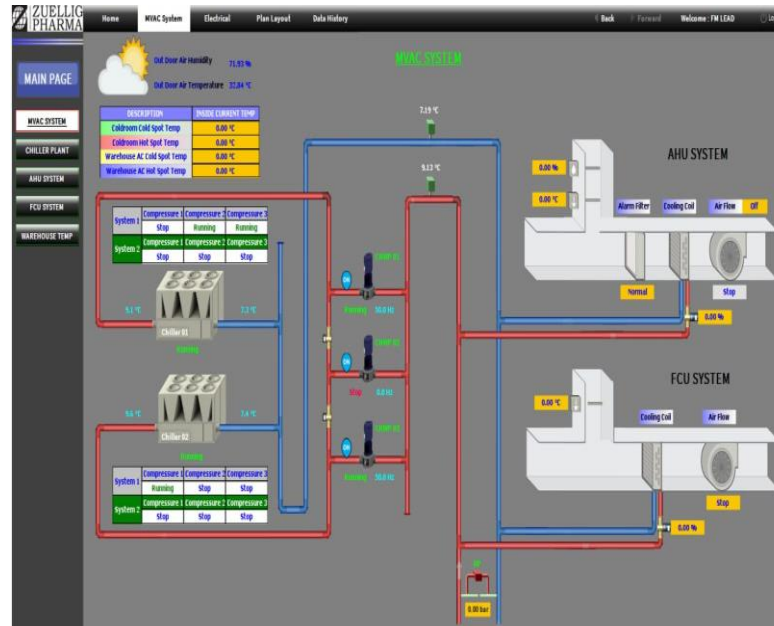

Project Location: Kandal Stueng, Siem Reap, Kandal Province

The purpose of the project Zuellig Pharma to used Building Management System (BMS). BMS will cover the process of integrating such as

- HVAC System
- Electrical System
- Power Meter

Our Activities

13. Kerry Express (Warehouse)

Client Name: [Krorvan I/O.](#)

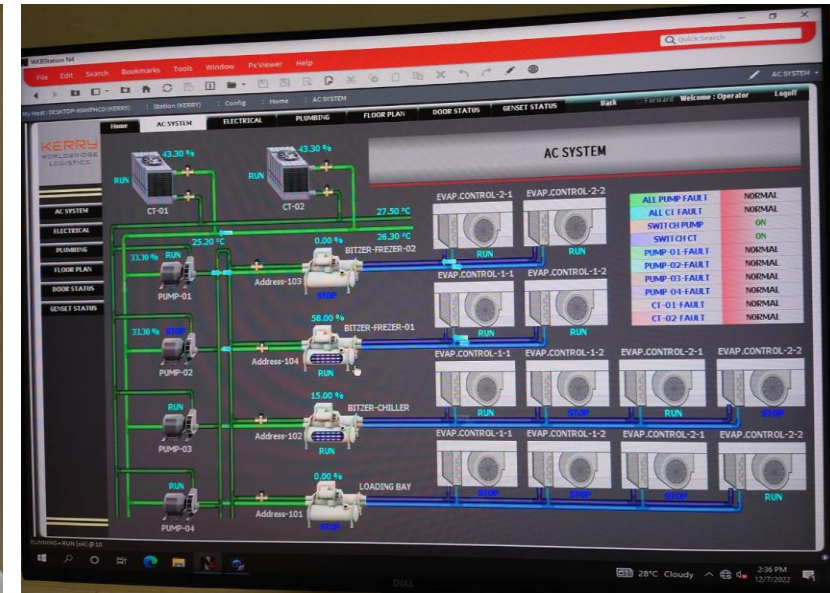

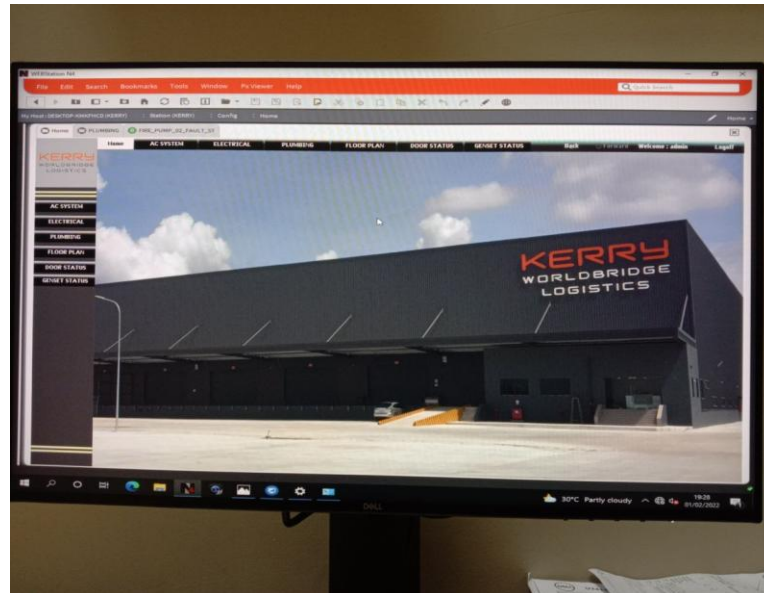

Project Location: National Road #2, Sangkat Prek Kampeus, Khan Dangkor Phone Penh.

The purpose of the project Kerry Express (Warehouse) to use Building Management System (BMS). BMS will cover the process of integrating such as

- HVAC System
- Electrical System
- Power Meter

Our Activities

14. The Gateway

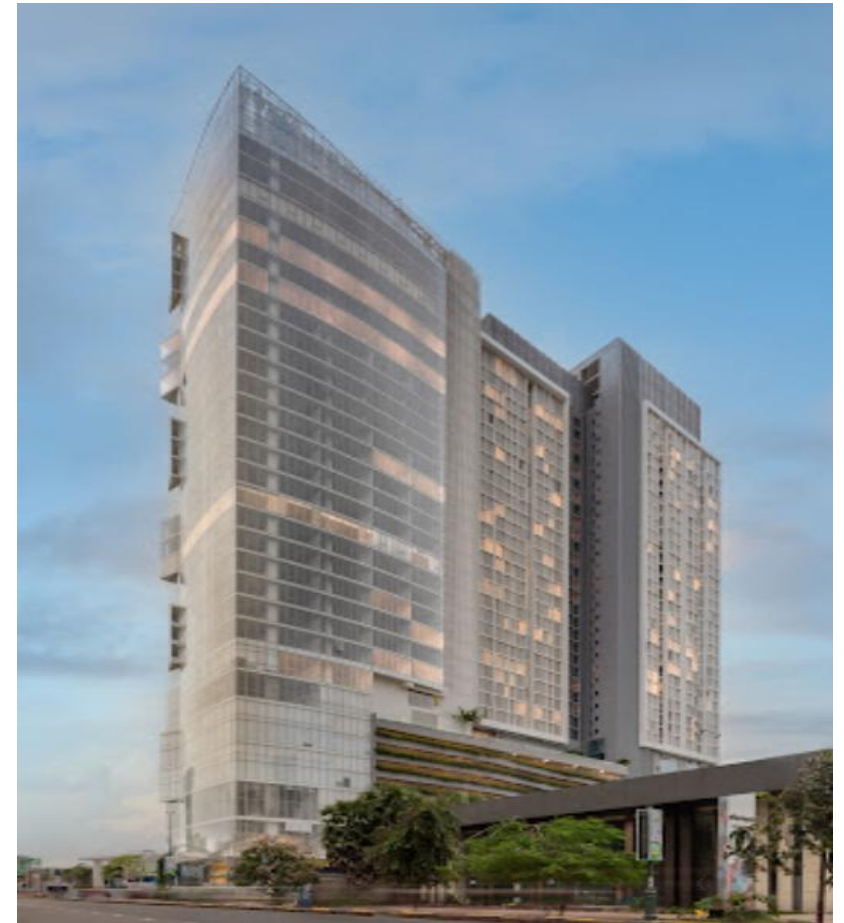

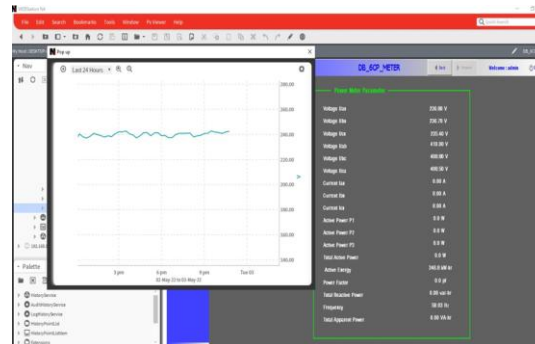

Client Name: [TERRASYSS SOLUTION LTD](#)

Project Location: Sangkat Veal Vong , Khan 7
Makara , Phnom Penh , Cambodia.

The purpose of the project Gateway is to used Building Management System (BMS). BMS will cover the process of integrating such as

- Water Meter
- Power Meter

Our Activities

15. Chip Mong 598 Mall

Client Name: [DBD Engineering](#)

Project Location: Chip Mong 598 Mall,
located street 598, Sangkat Chrang Chamres
1, Khan Russey Keo

The purpose of the project Chip Mong 598 Mall is to use Building Management System (BMS). BMS will cover the process of integrating such as

- Power Meter
- Tenant Billing

Our Activities

The screenshot shows the 'Tenant Billing' interface of the BMS. It includes a table with columns for Name, Building, Meter Type, Serial No, and Contract. The table lists various meters and their associated buildings and contracts.

Name	Building	Meter Type	Serial No	Contract
EPB	Chip Mong Mall 598	Electricity	EDBB-EPB-01	Test Contract
ELPBM	Chip Mong Mall 598	Electricity	EDBB-ELPBM-01	
FABG01	Chip Mong Mall 598	Electricity	EDBB-FABG01-GF	
RTG-08	Chip Mong Mall 598	Electricity	EDBB-RTG08-GF	
FAB01	Chip Mong Mall 598	Electricity	EDBB-FAB01-GF	
FAB02	Chip Mong Mall 598	Electricity	EDBB-FAB02-GF	
FAB03	Chip Mong Mall 598	Electricity	EDBB-FAB03-GF	
EPB01	Chip Mong Mall 598	Electricity	EDBB-EPB01-GF	
POWER PLUG-01	Chip Mong Mall 598	Electricity	EDBB-POWER PLUG01-GF	
POWER PLUG-02	Chip Mong Mall 598	Electricity	EDBB-POWER PLUG02-GF	
EPG	Chip Mong Mall 598	Electricity	EDBB-EPG-GF	
ELPGM	Chip Mong Mall 598	Electricity	EDBB-ELPGM-GF	
RT-G02(SPARE)	Chip Mong Mall 598	Electricity	EPNG-RT G02-GF	
RT-G03(SPARE)	Chip Mong Mall 598	Electricity	EPNG-RT G03-GF	
RT-G04	Chip Mong Mall 598	Electricity	EPNG-RT G04-GF	
RT-G05	Chip Mong Mall 598	Electricity	EPNG-RT G05-GF	

16. CENTRAL Hospital

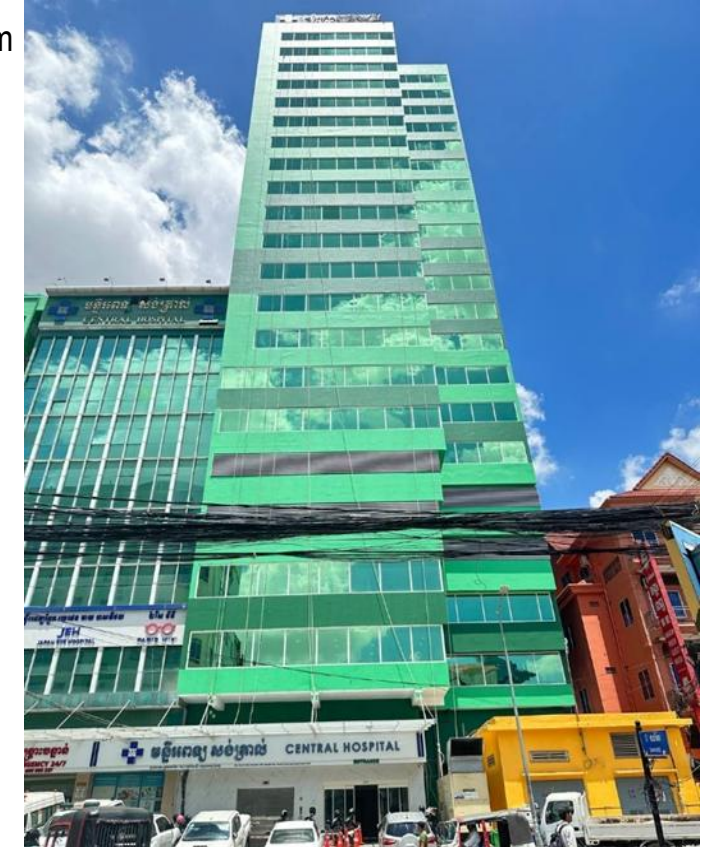

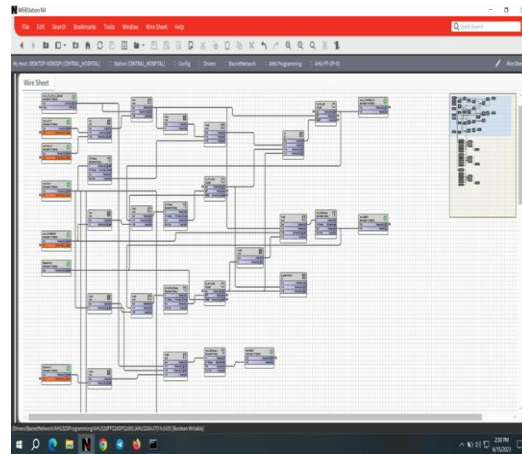

Client Name: [Krorvan I/O.](#)

Project Location: 82A, STREET
154, PHNOM PENH, CAMBODIA

The purpose of the project CENTRAL Hospital to used Building Management System (BMS). BMS will cover the process of integrating such as

- Control AHU System For Clean Room

Our Activities

17. Royal Phnom Penh Hospital

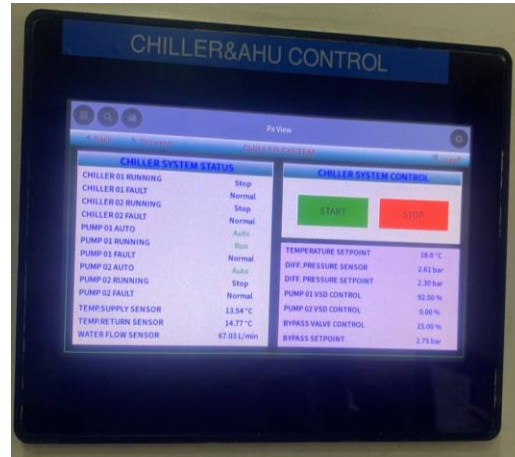

Client Name: [V2S M.E.P SOLUTIONS CO., LTD](#)

Project Location: Royal Phnom
Penh Hospital, 888 Russian
Federation Blvd (110), Phnom
Penh

Our Activities

The purpose of the project Royal Phnom Penh Hospital to used Building Management System (BMS). BMS will cover the process of integrating such as

- Control AHU and Chiller System For Clean Room

18. Olympia Medical HUB

Client Name: [Krorvan I/O.](#)

Project Location: C5, 5th Floor, Olympia City,
Building C5, Street 161, Sangkat Veal Vong,
Khan 7 makara Phnom Penh.

Our Activities

The purpose of the project Olympia Medical HUB to used Building Management System (BMS). BMS will cover the process of integrating such as

- Control AHU System For Medical Center
